

"Apart from substantial savings in maintaining repairs we have also nearly doubled the life of these vehicles, thanks to CouplerTec."

G. R. Kellar, Chief Executive Officer, Logan City Council

"We are very satisfied with how well CouplerTec protects our vehicle from rust."

Murray Mc Millan, Emergency Coordinator, Kiama SLSC

"CouplerTec has been protecting vehicles for the BMA Mitsubishi Alliance mining projects for more than 7 years. Our clients are very happy with CouplerTec."

Ross Fredrickson, Director, Macs Engineering

How effective is CouplerTec?

2 years old Landcruiser (Fraser Island, 1998)

Regularly exposed to corrosive elements

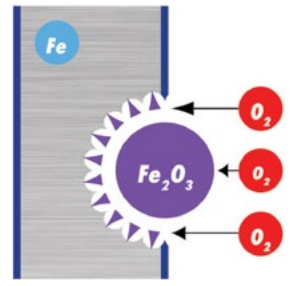

18 years old Landcruiser (Fraser Island, 2014)

After 18 years of extreme mistreatment

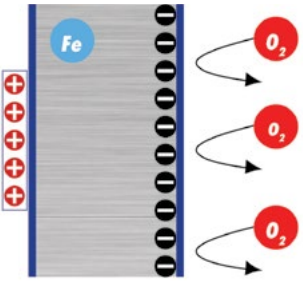

How CouplerTec Works?

1. without CouplerTec

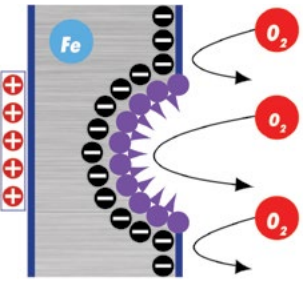

Iron (-) and oxygen (+) combine and they form RUST.

2. with CouplerTec (new car)

CouplerTec STOPS the RUST.

3. with CouplerTec (old car)

CouplerTec SLOWS the RUST.

Internationally Patented Capacitive Coupling Technology
